June 4, Tuesday, 8:30 a.m.—Spring meeting of the Directors.

June 4, Tuesday, 10:00 a.m. — Commencement.

DR. RALPH WALDO LLOYD
President of Maryville College

COLLEGE PRESIDENT'S WELCOME

I write this word of greeting with hearty good will.

This issue of the "M Book" will be used by students and faculty during the 116th year of the College. The organized program of the year begins on September 11, 1934, when freshmen report, and closes on June 4, 1935, when seniors receive their diplomas.

I wish to welcome every old and new student to the opportunities of the year. May each have health and joy as he enters into them.

RALPH WALDO LLOYD,
President of Maryville College.

EDITORIAL PREFACE

For you, new student, this book is published by the Y. M. C. A. and Y. W. C. A. It is our hope you will find in it a spark of friendliness which will kindle a fire of love for Maryville which will grow as you grow with Maryville. We hope this little Handbook will give you the intimate touch with the College that you cannot find in the Catalogue. We want you to get off to a good start here on our "College Hill," so we are endeavoring to bring to your attention the things we think might be of interest and help to you.

Use this book as your key in the first bewildering months of your college life. This book is compiled by students who know the why's and wherefore's of Maryville, and are trying to pass on to you any information we have found to be of help and assistance to new students.

So to you, new student, we dedicate this book. You are the Maryville of Tomorrow. You are the future Maryville. We have done our part and will be leaving soon, so to you we pass the torch and hope you will carry it on with all the honor of the past.

The next four years will spell "opportunity" for you.

THE EDITORIAL STAFF.

PART I

**GENERAL INTRODUCTION
TO MARYVILLE**

GENERAL INTRODUCTION TO MARYVILLE COLLEGE

New students, we who have spent several years at Maryville College are convinced that our college is as good as, if not a little better than, any other we know anything about. It is our hope to make you love it as we do, and with that end in view, we want to introduce you to "our hilltop crowned with cedar."

Maryville is in East Tennessee, sixteen miles from Knoxville. From the campus you can see the dusky ridges of the Chilhowee, Smoky, and Cumberland Mountains. The town of Maryville and its twin city, Alcoa, together have 10,000 inhabitants. Your friends who have never heard of Maryville may know of Alcoa, named for the Aluminum Company of America, which has a plant there.

As to our weather, it does get cold, and it does rain in Sunny Tennessee, but spring comes early, and it stays warm well through October.

Founded in 1819, Maryville College for over a hundred years has been striving to fulfill the altruistic purposes of its founder, Dr. Isaac Anderson. Traditions have been woven into the fabric that is Maryville—traditions that it is a privilege to have a part in carrying on. The Maryville spirit is something we cannot hand you on a silver platter: it is something that depends not only on what is already here, but also on what you bring. The Maryville spirit for you will be you in your relation to Maryville College. We can, however, tell you our side of it, give you a glimpse of the traditional background of the college, so that you can begin framing your attitude.

Maryville aims to broaden sympathies, promote thorough scholarship, emphasize religious life, and stimulate unselfish service. Your contacts from the start will be broadening. You will meet students from nearly every state and some from foreign lands. You will find people with all types of backgrounds, with widely varying interests and experiences. You will find these people interested in you, in what you can contribute to their thought and activity. In scholarship your best of effort and ability will be demanded. The spiritual emphasis is represented by required church, Sunday School, and daily chapel attendance. Students may attend the church of their choice. The denominations represented in Maryville are Presbyterian, Baptist, Southern Methodist, Northern Methodist, Christian, and Quaker.

There are no social fraternities and sororities at Maryville, and we do not have dances, but do not feel that these are necessary to genuine college happiness. Our Y. M. and Y. W., our literary societies, our dormitory life more than make up for the lack of fraternity dances. Do not think there will be nothing to do. Part of Maryville tradition is to keep new students on the run for at least a week or two to keep that homesick tendency from developing.

When you arrive in Knoxville there will probably be old students on hand to tell you how to get over to Maryville. If, however, no one is there, you can take a taxi from wherever you are to the bus station, where there is a bus leaving nearly every hour for Maryville. It is a good idea to buy your train ticket clear through to Maryville, so your trunk can go on over. Someone will meet you at the bus station in Maryville and take you to the campus.

From a central information bureau on the campus you will be taken to your dormitory room. Your room will be, like your college spirit, what you make it. You may have a heartsick, homesick moment when you first see the bare ugly room you are to live in. But curtains, bedspreads, lamps, rugs, and pictures can perform miracles on the room—and on you too while you are busy unpacking and arranging them. You will have to make a trip to town soon after your arrival to buy broom and dust pan, curtain rods, waste basket, tacks, and a good many things that you will keep thinking of as you unpack.

The first night there will be a Y. W. party for new girls. Your big sister, if she does not meet you at the station will be looking you up to take you to the party and do anything she can for you. She will lend you a sheet if your trunk does not get here in time, though you might try to get one in your suitcase, because big sisters sometimes run out of sheets. Your Nu Gamma leader will come to get acquainted with you and tell you about the first meeting of your group. Within a week or so the literary societies will begin their rush programs. For girls this means a two-week series of parties, at the end of which you will make the decision, "Shall I go Theta or Bainonian?"

As to the appearance of the campus, it is commonly referred to as the Hill, and the Alma Mater calls it "our hilltop crowned with cedar." Within the last year an impressive wide stone stairway has been built up to the campus, and a great many new trees have been set out recently. Another new improvement is the appearance of a golf course on the campus. There are in all

eight tennis courts, and there is an excellent swimming pool.

Back of the campus proper are the college woods. Various organizations have picnics there, and it is a fine place to go for walks. There are two homes in the woods, one for so long the only one that it has become known as "The House in the Woods." It is the home of the college pastor. The other is the large and beautiful home of Mrs. Walker, who, since she moved into our woods, has proved to be a fairy godmother to the college campus.

Of the buildings on the campus, ivy-covered Anderson is the most outstanding. It is the administration building, and you will many times during the next four years find yourself standing in line before one of its offices, to register or to pay bills. In Thaw Hall is the library on the first floor, and upstairs are class rooms. There are three women's dormitories, Memorial for freshmen, Baldwin for freshmen and sophomores, and Pearsons for upper classmen.

Boys, after you get to College Hill, the first thing you do is find Carnegie Hall and look for that much-hunted and called-for man by the name of Mr. McCurry, better known as Mr. "Mac." He will assign you to your room. Don't be afraid to ask any of the fellows for advice or help, for they will always be glad to do anything they can for you. About the first or second night after you are here there is held a group get-together where you will have an opportunity to meet all the fair damsels that bedeck our campus. It won't take long for you to get into the run of things, but until you do, every man on the campus will help you learn the ropes. There is no hazing here at Maryville. We are your friends and wish to help you.

When things are finally somewhat settled—when you have become acquainted with your roommate, found your way around the campus, taken the English placement and scholastic aptitude tests—and classes have begun, you will have to begin the important task of apportioning your time wisely between curricular and extra-curricular activities. There will be clubs that you will want to join. Literary societies and Christian associations need your co-operation. Some interest in college sports is expected of you. When you join a club, do it wholeheartedly. Be ready to take part when asked to, to pay your dues, and to attend its meetings regularly. However, do not assume so many extra-curricular obligations that your academic duties will have to be neglected.

PART II

Y. M. C. A.
and
Y. W. C. A.

Y. M. C. A. PRESIDENT'S WELCOME

DEAR FELLOWS:

In a short while you will be leaving home to come to Maryville to enter upon a new phase of your life. The "Y" is indeed happy that you have chosen Maryville College as your college, and we welcome each one of you to our campus life.

Perhaps you are wondering what we are like at Maryville. Most of us are fellows attempting to live clean Christian lives. With your consent the "Y" will introduce you to the fellowship of Christian boys and girls from more than thirty different states and countries, who will soon make you glad that you came to Maryville.

We hope that you are coming to college with a willingness to co-operate, because the "Y" can help to make your four years at Maryville a period of character building, to aid in providing you with a "clean mind in a sound body." "Seek Christ, for in Him we live" is our theme for the coming school year, and we suggest that you make this your theme, because you cannot realize the best that is in you physically, mentally, and spiritually unless you live in Christ.

Please feel free to call upon me at all times for any services which I can give you. The Cabinet and the other "Y" members will do their utmost to solve your problems and to aid you in every way. We invite you to use the "Y" building for your pleasure and convenience.

May your life on College Hill result in your living happily and whole-heartedly in Christ Jesus.

Sincerely yours,

EARLE W. CRAWFORD,
President Y. M. C. A.

Y. W. C. A. PRESIDENT'S WELCOME

DEAR MARYVILLIAN-TO-BE:

You may have been a Floridian or a New Yorker all your life, but if you've never been a Maryvillian, don't miss the chance! Because you have still to be one of the stream of students heading Chapelward of a morning, somehow sharing each other's moods. You have still to see Anderson Hall with all its echoes of another century or to look out on the campus bewitched by moonlight or to delight in the blue ranges of mountains to the south.

What I am trying to say is there is a something pervading the Hill that we hope you'll find even if you can never define it as anything more than the Maryville Spirit.

As one girl to another, I came to Maryville with all the eager expectancy which I hope you are bringing too. I don't know what experiences await you here, but I am truly glad you are coming. Our Y. W. C. A., which is yours too, has as its highest goal a "full and creative life" for every girl and if in any degree we can unfold that life for you we will find real joy in doing it.

With high hopes that these coming days will be among the very happiest of your life,

Sincerely,

DOROTHY NETHERY,
President Y. W. C. A.

Y. M. C. A. ACTIVITY

“Seek Christ, for in Him we live” is the motto of the Y. M. C. A. for the coming year. The “Y” aims to give you a program of clean Christian living in body, mind and spirit. It has one aim and that is to help you. The “Y” is here for you, so be sure and use it to the fullest extent.

The “Y” turns a great deal of its time to developing athletic activities for those who for some reason or other can not go out for varsity competition. Football, soccer, swimming, basketball, tennis, wrestling, handball, hiking, track are on the program of the “Y”.

If you tire of that, try checkers, ping-pong, chess, pool or just come to the “Y” reading room and “gang” with the fellows as they listen to the radio, read, or engage in wholesome Christian fellowship.

To help develop the mind and spirit, meetings are held every Sunday afternoon in Bartlett Hall. Various programs are carried out. Sometimes there are speakers, other times there is discussion, and still others may be musical programs. These programs have always proved to be of help to the members of the “Y” and we hope you will be able to participate in them and make them a part of your life here at Maryville.

The “Y” offers other opportunities for you, and we hope you will make the “Y” program your program and help it as it will help you.

It is for you; are you going to make use of it?

Y. W. C. A. ACTIVITY

The most worthwhile thing a new girl at Maryville College can do toward launching herself on the most successful and happiest four-year cruise toward graduation is to sign her name to a Y. W. C. A. pledge card. An active member of "YW" has a source of inspiration, an outlet for her ability and enthusiasm, a feeling of belonging that she will find in no other organization. The home of "YW" on our campus is in the back part of Thaw Hall on the ground floor. Our quarters there were completed only two years ago, and we are proud to invite you new girls to visit them just as soon as you can. There is a fireplace, an inside balcony, and alcove, a kitchen, a radio, a magazine rack, and a small circulating library. Here in our rooms we have our Sunday afternoon meetings, in which we enjoy the fellowship with each other and feel a more intimate relationship with God.

We have our fingers in a good many campus pies. You can see from the list of cabinet positions the range and nature of "YW" work. Perhaps its most spectacular activity is the May Day fete. A May Queen, elected from and by the Senior Class, is escorted by attendants from each class down the wooded slopes of the natural amphitheatre in the college woods, across a rustic bridge to the natural stage, where she is crowned and rules over a pageant in which several hundred students take part.

JOINT ACTIVITIES

Joint Devotional Meetings

Usually the devotional meetings of the Y. M. C. A. and the Y. W. C. A. on Sunday afternoons are held separately, but at various times joint meetings are held, in the conduct of which both organizations cooperate. The programs of these joint meetings are of a special character, and are very worthwhile.

Fred Hope Drives

This drive is not carried on by the "Y's", but is carried on by all the students of the school and we thought best to bring this to your attention. Fred Hope was a student at Maryville some years ago, but now he is in Africa, and each year a volunteer offering is taken up by the school for Fred Hope and his work.

Blue Ridge Conferences

Each spring, following commencement, a conference of Southern college Y. M. C. A.'s and Y. W. C. A.'s is held at Blue Ridge, North Carolina. The two organizations on College Hill regularly send delegates to these conferences.

The Artist Series

The Artist Series, sponsored jointly by the Y. M. C. A. and Y. W. C. A., consists of about four numbers each year, including musical, literary, or other cultural entertainment. You will want to attend these programs, for you pay for them in with your student activities fund, and they are of great interest here at Maryville.

Circuses

Once a year the alumni gymnasium is the scene of a tremendous circus, put on jointly by the Y. M. C. A. and the Y. W. C. A. It's fun, and we are sure you will want to be in the circus or at least see it.

NU GAMMA CHAIRMAN'S WELCOME

DEAR NEW GIRLS:

New Gamma Sigma is the part of the Y. W. C. A. that is specifically yours from the start. You will be assigned to a Nu Gamma leader as soon as your name is registered in the office. This leader will write to you during the summer if your application is accepted early enough, and she will be among the first to greet you when you arrive next fall. You will meet with her in a small group of new girls, once a week for a month or two. In these meetings you will become acquainted with other new girls and be led in worthwhile discussions of college life, what you can hope to get out of it, and what you will be expected to put into it.

Y. W. tries through Nu Gamma to show new girls just how much we really do want you, and to help you find at Maryville the happiness we have found through our association with Y. W. C. A. Nu Gamma is an informal type of organization. Its group discussions are outlined to help you in fitting into the Maryville atmosphere.

All Maryville is sending a hearty welcome to you new girls, but Nu Gamma is particularly happy for its peculiar privilege of sending you a very special greeting and of expressing our high hopes for you as you become a new part of our Christian Association at Maryville.

Sincerely,

TESS FREY,
Nu Gamma Sigma Chairman.

PART III

**GENERAL STUDENT
ACTIVITY**

General Student Activity

On the Maryville College campus there are enough organized activities to capture the interest and utilize the ability of every student. To some of these organizations you may belong by merely expressing the desire. Some, however, are run on a selective membership basis, and in still others, such as the honorary fraternities, membership is a distinction that comparatively few attain.

Student Council

The Student Council is composed of eight seniors, six juniors, four sophomores, and four freshmen. This body is not student government, but it represents student opinion and works with the faculty in promoting desirable movements. The members are elected by their classes as representing student sentiment. From the Council two committees are chosen, the Student-Faculty Committee and the Highland Echo Committee.

NATIONAL HONORARY FRATERNITIES

Pi Kappa Delta

Maryville has the distinction of having the Tennessee Alpha Chapter of the national honorary forensic fraternity Pi Kappa Delta. At the national convention at Lexington, Kentucky, in the spring of 1934, Maryville representatives ranked high in oratory and extemporaneous speeches, and made a fine showing in debate.

Theta Alpha Phi

Talented dramatic students may, upon meeting certain requirements for membership, be initiated into the Tennessee Delta Chapter of the national honorary dramatic fraternity Theta Alpha Phi, located at Maryville.

Sigma Alpha Psi

The Maryville chapter of Sigma Alpha Psi was established in 1930. Membership is open to all men of the college "who maintain satisfactory scholarship and command the respect of their associates as athletes and gentlemen." Membership is earned by meeting the requirements of the various athletic tests in the presence of a responsible committee. The object of the society is the encouragement of the moral, physical, and mental development and training among college students.

Local Honorary Fraternity

Alpha Gamma Sigma was organized in the spring of 1934, for the purpose of motivating high scholarship among students. Its requirements are equal to those of Phi Beta Kappa. Ten per cent of the graduating class may be admitted provided the members have a grade point ratio of 6.5, or somewhat more than a "B" average.

LITERARY SOCIETIES

There are on the Hill two sets of literary societies. Each set consists of a society for boys and one for girls that are known as brother and sister societies. Theta Epsilon

and Bainonian are the sister societies, respectively, of Alpha Sigma and Athenian.

All four societies hold regular meetings every Saturday night. Each has its respective hall. The meetings held here consist of short business meetings followed by programs of varied sorts in which members of the society are expected to take part when called upon, in advance, by the program secretaries. Once a semester each set of societies holds a joint meeting in which boys and girls co-operate on matters of program, decorations, and refreshments.

At the beginning of the year the women's societies sponsor rush weeks to introduce new girls to the members of each society. At the end of the two weeks taken by the rush program new girls are given the opportunity to join either of the societies. Both groups are glad to receive new members, and there is a friendly rivalry as to which one can attract the larger number.

Men make their choices as to society membership by visiting regular meetings of each.

There is another form of rivalry among the societies besides that of membership. Each society presents a play during the winter known as its mid-winter. A committee of judges gives a decision as to the relative merits of the plays, and the society presenting the best play is awarded a silver cup. The society receiving the cup three years in succession is the permanent owner of it. For the past two years Theta Epsilon has received the cup.

We sincerely hope that each new student will find a place truly his in one of the organizations. Choose the one in which you feel you will be happiest after you have carefully considered each. Each society sends a hearty greeting to every new student.

MUSICAL ORGANIZATIONS

The five musical organizations on the campus provide an opportunity to develop musical talent. Three of the organizations are choral and two instrumental.

The three choral organizations are the vesper choir, the Maryville Glee Singers, and the Women's Glee Club. The Vesper Choir is composed of forty mixed voices chosen through try-outs by the choir director. In robes and surplices it serves at the Sunday evening services, and on week days without the robes leads the daily chapel singing.

The Maryville Glee Singers is a male chorus of eighteen or twenty voices. This chorus gives at least one concert every year. The Women's Glee Club is a similar organization for women.

The two instrumental organizations are the band and orchestra. The orchestra has a concert every year and plays at many other functions. The band plays at football games, making its most spectacular showing at the night games between halves.

RELIGIOUS ORGANIZATIONS

Besides Y. M. C. A. and Y. W. C. A. there are three other outstanding religious activities. The Ministerial Association and Student Volunteer Band are organizations for those interested in the ministry and missions respectively. The ministerial group holds weekly meetings, but its most important activity is that embodied in four standing committees which conduct regular preach-

ing and pastoral work in the county prison, the county almshouse, the McGhee Street Chapel, and the country churches in the vicinity of Maryville.

The Student Volunteer group is composed not only of those who have pledged themselves to the foreign field, but of those who are interested in this form of Christian work. Regular meetings of the group are held Sunday evenings after vespers. Some phase of missionary work is considered, and frequently missionaries on furlough provide valuable and inspiring first hand material.

Another religious activity is the annual series of February meetings. The first series was held in 1877, and they have been held every year since. The object of the February meetings is a deepening of the spiritual life on the campus and a strengthening of the spiritual attitude conducive to greater seriousness of thought and action. The speaker for the meetings is a prominent religious leader of the day, chosen long beforehand with the purpose of the meetings as the objective in selection.

CLUBS

Writers' Workshop

Students who show interest and ability in literary work may be elected to the Writers' Workshop. The members are elected from the faculty and the junior and senior classes. Each member writes and reads aloud for criticism one paper a semester.

"M" Club

The "M" Club membership is restricted to those girls who have earned the college letter by participation in athletic activity and the keeping of health rules,

Pi Upsilon

The Hi-Trail Club, nationally known as Pi Upsilon, is a hiking club limited to twelve men. Its activities include hikes to nearby mountains several times each semester.

Home Economics Club

Home Ec majors have formed a club as the medium for the performance of practical projects in their various fields of interest.

Chemistry-Physics Club

In this club students interested in the two sciences composing its name meet to perform experiments in these fields.

Nature Club

The Nature Club is for those interested in botany, zoology, and related sciences. To be admitted you are required to take a test on general scientific knowledge. The club has carried out two outstanding projects in the past two years: (1) the tagging of the trees on the campus with their common and botanical names and (2) the beginning of a botanical garden in the college woods. At its weekly meetings students or faculty members give talks on subjects in the field of natural science.

Pre-Medical Club

This club is composed of those whose major interest lies in the practice of the medical profession, and aims to create a better understanding of the problems and interests of this field today.

Language Clubs

For students interested in modern languages, there is opportunity to gain confidence in the use of the tongue, to increase your knowledge of foreign customs, and to have a lot of fun in the French, German, and Spanish clubs.

State Clubs

Wherever you come from there is almost sure to be someone else from there too, with whom you can form an organization named after your part of the country. There is a club for nearly every state represented by the student body. The purpose of the clubs is purely social.

Publications

There are two student publications, the weekly "Highland Echo" and the annual "Chilhowean." The "Highland Echo" is a newspaper, reporting campus news and reflecting campus thought. Twelve freshman apprentices are chosen by examination of samples of their writing called for by their English teachers.

SCHEDULE OF CLASSES, 1934-1935

First Semester

	Mon.	Tues.	Wed.	Thurs.	Fri.	Sat.
8:30- 9:25

2:05- 3:00						

PART IV
—
ATHLETICS

MARYVILLE AND ATHLETICS IN GENERAL

College and athletics are always linked up in the same thought. Although Maryville does not specialize in athletics to the exclusion of scholarship, nevertheless it has a very broad program of athletics which fits each and every student. Maryville is not mercenary in her sports and pays no football players, basketball players, or any other kind of player. Here, athletics is a sport, not a profession.

Maryville always has good teams, and more often than not it has winning teams. Of course we all like to win, but to win is not the main point, but wholesome sportsmanship is stressed. It is an honor to make any of the teams at Maryville, for your scholastic standing must be high and your ability undoubted.

The men's program is under the capable direction of Coaches Honaker and Thrower. You can't help but like these men, for they will teach you the game and give you a good opportunity to prove yourself. There is no favoritism with these coaches; each man has the same chance.

Maryville has often played schools far bigger and stronger than itself, but has always had the reputation of being a fighter. Everywhere you go people will say that Maryville has "fight" and "spirit."

So come to Maryville with the idea of either seeing or playing with the teams of the school. It is up to you to have Maryville continue in its program of a good broad athletic value in a Christian College whose aim it is to build character.

But remember, college isn't college without athletics; but neither is college college without scholastic standing. So strike a happy medium and be a real Maryvillian.

VARSVITY SPORTS

Football

Football is the first sport Maryville introduces to you. The training program starts with the opening of school in the fall, so if you are planning to come out for football make up your mind before you get here and report as soon as it is practical. Each year there is a squad of about 50 men who are all working for those coveted 11 places on the Varsity Team, so you see it takes hard work to get anywhere here at Maryville. But even if you are only a scrub, the coach is interested in you and will teach you football. Coach Honaker is in charge of this sport and let us tell you he knows his football and knows how to teach it.

Maryville plays in the Smoky Mountain Conference and has had its share of championships, but every now and then it steps out of its class to give the big schools a lesson in spirit and sportsmanship. This year they are going up to Kentucky and teach the boys up there a few fundamentals in football.

Let's go, men—out for practice the first week, and let's see what you have. There is a place on the varsity for you—are you going to fill it?

Basketball

Basketball is started as soon as football is over, and is also under the direction of Coach Honaker. A large squad is usually handled at first, but due to the nature of the game the squad is pared down throughout the first few weeks until it reaches about 10 or 15. But don't be discouraged. If you are of basketball material, be out there on the hardwood floor when the first practice is called, and show the coach what you are made of. You can make the squad if you want to—let's see you want to.

There is a long schedule which lasts about six weeks, in which time all types of teams are played, but the most interesting and exciting are those played against our strongest rivals in the Smoky Mountain Conference.

Baseball

Now we have come to the sport in which Maryville is right at home. They say Coach Honaker is about the best baseball coach in the South. Let's see you come out and find out if this is true or not. Practice starts in March, and by that time you will be so used to having Maryville have winning teams that you will want to come out and make this a winning one also.

A long schedule is played, many trips are taken; so let's see you in a Maryville baseball suit when March rolls around next year.

Track and Field •

Now we really have hit Maryville's stride. When it comes to track teams, Maryville just can't be beat. If Coach Thrower can't make a runner out of you, it's because your legs must be tied together. The day Maryville is beaten in track—well, we never think about that. There are about six track meets a year, one of which is usually with the University of Tennessee, and Maryville has lost to Tennessee two times in a row now, but by a few points, and this year we are out to get them and will get them. Are you going to be one of the men on the team? Look at the track records in this book and see if you think you can break them. If you can, don't come to Maryville and tell everybody about it; just keep quiet and when spring rolls about come out to the track and break all the records you can and we will be glad to place your name any place on the list.

MINOR VARSITY SPORTS

Cross-Country

Each year for the last five years we have been hoping to have a cross-country team, but have always been unable for the simple reason that we can find no competition! But we have reasonable proof to believe that Tennessee is going to have one next year and wants to run against us, and of course we will have a team. Be that as it may, we always have a good cross-country race one a year for the school championship. This race is run during one of the home football games and has enjoyed a great deal of interest. A large cup is given to the winner by the Y. M. C. A. This race is five miles long and the record is 27 min., 26.8 sec. Can you beat that? Whether you can or not, let's see you out for the cross-country this fall.

Wrestling

No sport has more favor with the students and town people than does wrestling. Coach Thrower always has a winning team. In fact, he hasn't lost a match since he took over the sport four years ago. This season there were eight matches, and of course Maryville took all eight, even going to far as to beat Vanderbilt 40 to 0 and the University of Tennessee 35 to 5. There is always room on the wrestling team for you. There are eight different weights, and you sure can fit in there somewhere. Let's see you out when Coach Thrower gives the first wrestling call.

Tennis and Swimming

Coach Fischbach handles these two sports and does a very fine job of it. He has winning teams, many trips are taken, and you can't help liking to work under this coach. Maryville has made a very good showing in both tennis and swimming during the last season, so if you can wield the racquet or paddle the water, let's see you out.

INTERCLASS SPORTS

Here's where you fellows shine who can't quite make the varsity, yet have a little ability in any one of the lines of sports. The Y. M. C. A. conducts interclass competition in everything from checkers to football. Each sport counts so many points, and the class which gets the most points for the entire year gets a cup. You have no fear of varsity competition in these sports, for all "letter" men and men on the present squads are ruled out of the events, and it is left entirely up to those who do not go out for varsity competition.

LETTERS AND MONOGRAMS

Designs

Football: Garnet sweater bearing garnet letter "M" 8 inches by 8 inches.

Basketball: Garnet sweater bearing garnet letter "M" 6 inches by 6 inches.

Baseball: Garnet sweater bearing garnet letter "M" 7 inches by 7 inches.

Track: Garnet sweater bearing garnet letter "M" with wings, 5-inch block.

Wrestling: Letter "M", 5 inches by 5 inches.

Tennis: Letter "M", 5 inches by 5 inches.

Swimming: Letter "M", 5 inches by 5 inches.

The letter for women's athletics is more decorative in form and the monogram consists of an "M" and a "C" superimposed upon each other.

THE WEARING OF MARYVILLE LETTERS

Maryville letters and sweaters are to be worn only by those who have won them in the various sports. Those winning letters will be so designated by the coaches. Any violation of this rule is frowned upon by students and faculty. Any good Maryville student who is loyal to the school would never wear a letter unless he or she has earned it.

Any letter or monogram from any other school, be it high school or college, can not be worn while you are at Maryville. Several times this rule has been violated especially by the women students. Maryville has no way of enforcing this ruling but by the will of the students. We hope your loyalty to Maryville will not allow you to break this rule. So leave all your high school letters at home and come to college with the idea of having a Maryville "M" on your sweater in the near future. Anyone is proud to wear a Maryville "M".

WOMEN'S ATHLETICS

Point System of Athletic Awards

Since the intercollegiate contests have been dispensed with the point system has been adopted. This gives every girl an equal chance to participate in every sport and a chance to win the coveted monogram, the small letter or the large letter and sweater.

The honors are awarded as follows: 300 points, Maryville Monogram "M.C."; 400 points, small letter "M"; 500 points, letter and sweater.

Points shall be earned as follows:

A. Teams. 50 points each team.

Class Teams—

- | | |
|---------------------|-----------------|
| 1. Basketball | 6 players team |
| 2. Soccer | 11 players team |
| 3. Volleyball | 9 players team |
| 4. Baseball | 9 players team |
| 5. Tennis | 6 players team |

Squad of any sport, 20 points.

Manager of any team sport, 20 points.

Captain of any team sport, 15 points.

Perfect attendance, 10 points.

B. Tests.

1. Swimming: Limit, 50 points.
2. Stunts: Limit, 25 points.
3. Archery: Limit, 50 points.
4. Track: Limit, 50 points.
5. Hiking: Limit, 50 points.

C. Scholarship.

1. An "A" average in academic work for any semester, 20% of points won in addition.
2. A "B" average adds 10% of points won.

D. Health.

1. Observing health rules for one semester, 25 points. Two semesters, 50 points.

ATHLETIC NOTES

PART V

**SONGS, COLORS,
YELLS**

COLLEGE SONGS

The Alma Mater**I.**

Where Chilhowee's lofty mountains
Pierce the southern blue,
Proudly stands our Alma Mater,
Noble, grand, and true.

II.

As thy hilltop crowned with cedars,
Ever green appears;
So thy memory fresh shall linger
Through life's smiles and tears.

III.

Lift the chorus, wake the echoes,
Make the welkin ring!
Hail the queen of all the highland!
Loud her praises sing.

Chorus after each stanza:

Orange, garnet, float forever,
Ensign of our hill!
Hail to thee, our Alma Mater!
Hail to Maryville.

Note.—An erect standing position and an uncovered head are prerequisite to a respectful attitude toward the Alma Mater at a time when it is being played or sung.

Dear Old Maryville**I.**

Near Chilhowee's mountain blue, Stands our
Alma Mater true,
Dear old Maryville, to thee we lift our
song.
'Neath thy cedar grove so fair, We shall
breathe the mountain air,
While with merry hearts the chorus we
prolong.

II.

As the morning sunbeam's light Greet's thee
o'er Chilhowee's height.
So our tribune, We as freely to thee bring.
Youth's true homage full and free, We thus
gladly render thee,
Dear old Maryville, thy praise we freely
sing.

III.

To thee, guardian of our youth, Faithful
guide to light and truth,
We, thy children, bring our songs of
grateful praise.
And when we shall leave thy hill, We shall
ne'er forget thee still,
Dear old Maryville, the scene of happy
days.

Chorus after each stanza:

Sing we a song of our dear college home,
Fondly we love thee still,
And wherever we may be, Fond mem'ry
turns to thee.
Our Alma Mater, dear old Maryville.

The Old Pep Song

We've got the rep, rep, rep, of old Maryville!
We've got the pep, pep, pep, of old College
Hill!

We've got the strength to knock 'em stiff
And never know the diff,
For we're from Maryville of Tennessee.

The New Pep Song

Here we go! Here we go!
Down the field to crush the foe,
As the Scotties go marching along.
Men of might! Men of fight!
Orange, garnet, waving bright
While we make the Hill merry with song.
Then it's hi, hi, hi,
We'll win this game or die.
Highlanders! Fight to the end.
Rah! Rah!
And we won't be done
Until the victory's won
For the pride of our hearts—Maryville!

Maryville College

MARYVILLE, TENNESSEE

Founded in 1819

Through more than a century Maryville College has steadily gained in standards, enrollment, equipment, program, and influence.

With 56% of its 800 students coming from the Southern Appalachian area, the College serves the region for which it was founded; yet with many States represented, it avoids the limitations of provincialism.

Christian in purpose, history, and program, Maryville sends men and women to strengthen the Christian cause throughout the world and the Church.

By sacrificial endeavor student expenses are kept astonishingly low, and self-help opportunities are provided.
